High quality one-piece complete pools from £8000

luxepools

One-Piece GRP Pool Kits

Paramount are delighted to offer a new range of luxury one-piece GRP pools from Luxe Pools. Manufactured within a 15,000 square metre factory using more than 100 tons of resin every month, Luxe pools are designed to cater for the extreme temperature changes found in northern Europe, Scandinavian and Russian climates. With over fifteen different models to choose from, Luxe Pools are able to match your imagination.

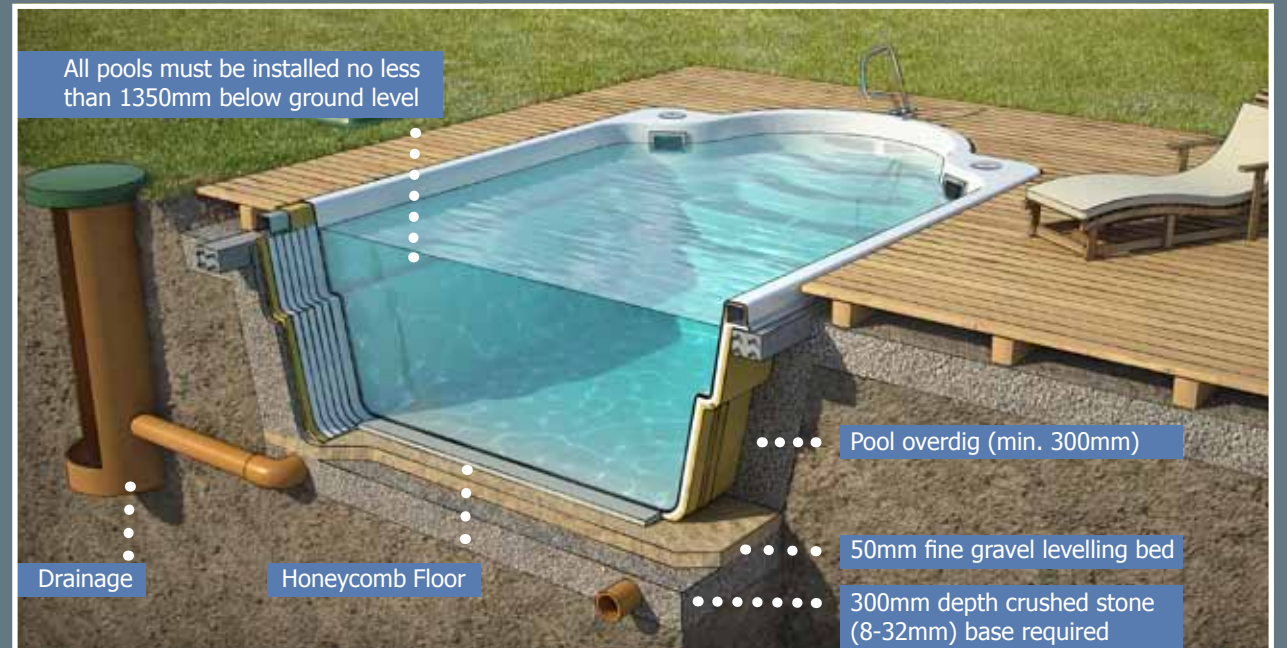

Warranty

The pools are provided with a 20 year structural warranty and a 10 year colour-osmosis guarantee.

3D Super Granicoat (Standard Finish) *Stock Colour

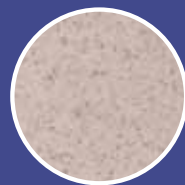

*Blue Ocean

Sparkle Blue

Desert Sand

Almond

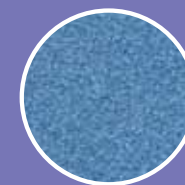

Granite Pearl

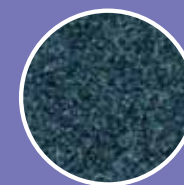

Dark Night

3D Ultra Granicoat (Upgrade Finish)

Blue Belle

Seaside Blue

White Pearl

Black Pearl

All Luxe pools are manufactured using 3D Super Granicoat Gelcoat providing an artificial sparkling granite type effect that enhances the overall appearance of the pool finish.

Available at an extra cost, the 3D Ultra Granicoat incorporates an additional gelcoat (sparkle) layer that emits a three dimensional finish.

Consider a Telescopic Enclosure

Why not add an enclosure to your Luxe Pool? Available as an additional option.

Or an in-built slatted cover?

Slatted Cover systems are installed internally reducing swimming area by 750mm. All covers are supplied with in-tube motor, SS beam and control unit. Auto top up and Vacuum point required.

Wanaka

Available exclusively through Paramount we intend to stock the most popular 'Wanaka' model at our premises in Hook, Hampshire. The Wanaka will be available in Ocean Blue colour only and in two sizes; 8.50m & 10m with and without pit housing for slatted type covers.

All other models are built to order - allow 6-8 weeks for delivery.

To protect the integrity of the Luxe Pool brand and the pricing structure, we are supplying the pools through approved dealers only, ensuring that the end user receives the best possible advice, installation, assistance and customer service.

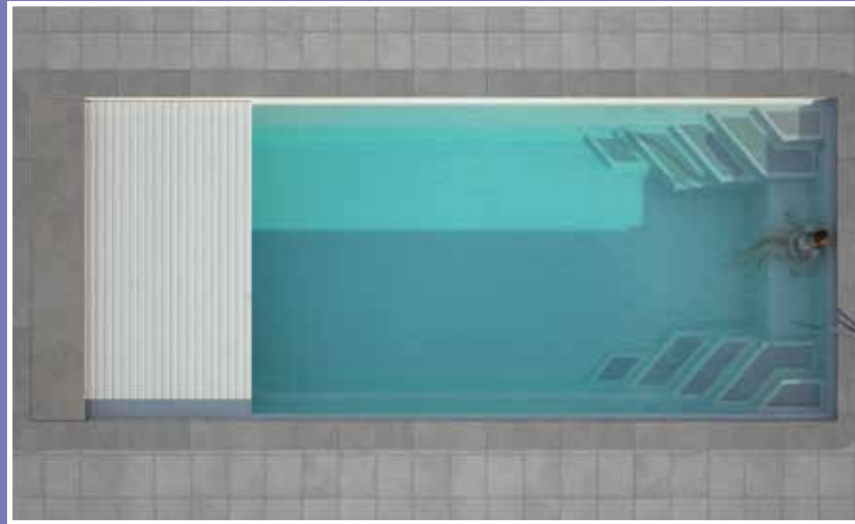

Left: Standard Stock Colour - Ocean Blue

Mirror Line

Based on exactly the same pool size as the Wanaka the 'Mirror Line' derives its name from the mirror reflection image that is produced by the water level. This unique pool incorporates an in-built water balance tank to produce a 30mm freeboard!

All Mirror Line pools are supplied with separate overflow tank, automatic water level control, standard filtration & equipment pack and natural border stones!

Size	Kg
6500 x 3300 x 1500mm	650kg
7500 x 3700 x 1500mm	820kg
8500 x 3700 x 1500mm	920kg
10000 x 3700 x 1500mm	1050kg

IMPORTANT NOTE!

Slatted Cover systems are installed internally reducing swimming area by 750mm.

All covers are supplied with in-tube motor, SS beam, wooden lid housing and control unit.

Auto top up and Vacuum point required.

City Pool - delivered complete, just add water!

The City Pool has been purposely designed and priced to cater for the smaller garden and exercise enthusiast. Measuring just 4750 x 2540 x 1350 the City Pool is a self contained unit including pre-plumbed filtration, swim jet, electric heater, LED light and controls within the pool shell.

An optional 'Support Frame' is also available for above ground installation.
