MOSAIC

Perfectly designed for pools and spas, our impressive collection of mosaics offers seemingly endless design options to suit even the most diverse projects.

Each mosaic has been carefully selected with both practicality and design flexibility in mind, with ranges suited for both indoor and outdoor pool environments. For curved pools, mosaic makes installation a breeze.

Available in an array of sizes and finishes, including anti-slip, and with an abundance of sparkling shades to choose from, specifying the perfect mosaic for your project has never been easier. No matter how challenging the design brief, our eclectic range of mosaics will add that classic finishing touch to create stunning designs for both commercial and residential wet leisure projects.

LARGE FORMAT

Easily create state of the art pools and wet leisure projects with our collection of large format tiles; bringing a contemporary look and feel to both domestic and commercial projects.

Utilising digital print technology, design possibilities are endless with readily available wood, marble and stone effect tiles offering an impressively authentic-looking alternative. Their hard-wearing nature means they are well-suited for pool surrounds whilst benefiting from being easily maintained even in demanding environments.

Whether you're looking for large format wall or floor tiles for both indoor or outdoor projects, our growing portfolio encourages you to get creative with colours and finishes to create your very own unique pool or spa design; coupled with complementary edging, grating and other special pieces.

TECHNICAL

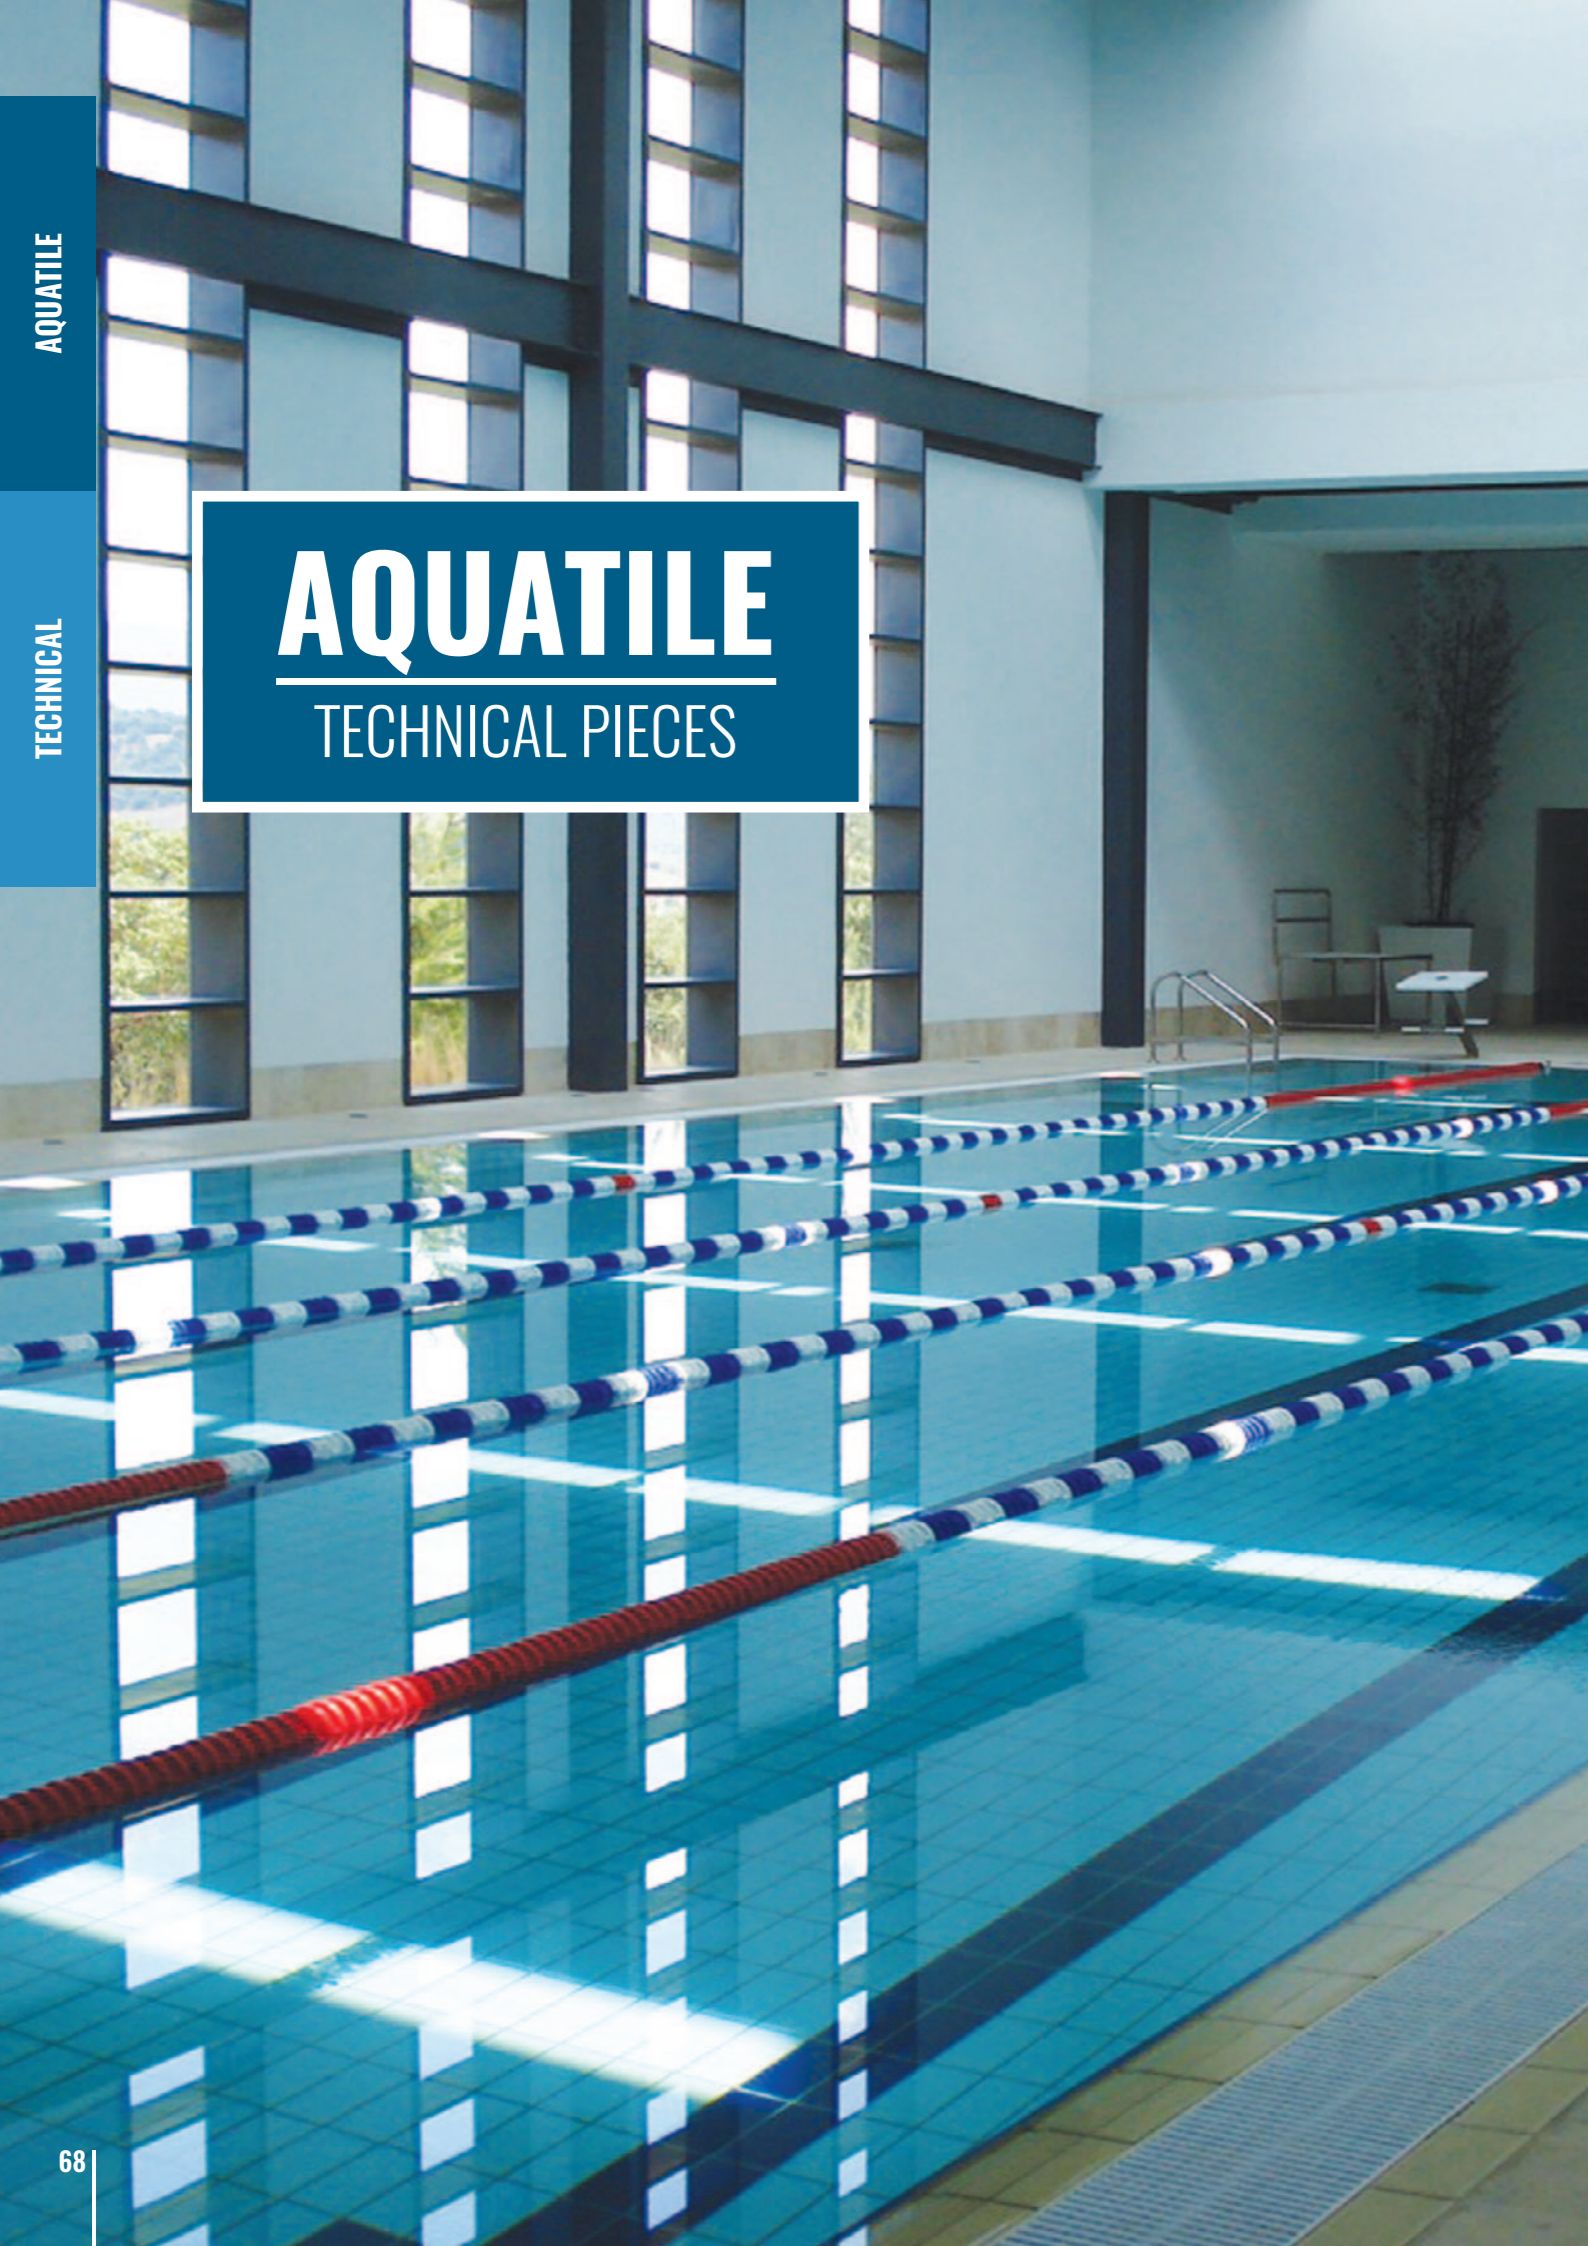

Alongside our vast range of tiles and mosaics, we also offer technical tiles and special pieces which can be customised to your bespoke requirements. Meeting the highest safety standards, these include copings, edging, fixings and gratings; many compliment our Pool & Spa Collection ranges to create a complete look. Why not combine with our industry-leading adhesives and grout for that perfect pool.

The fully vitrified Winckelmans range form part of our technical tile range and are available in a multitude of shapes, colours and sizes. Made from all-natural materials sourced in Europe, these through-body tiles are our most versatile range to date and can be used in even the most challenging environments without changing colour or appearance.
